

JAMIE PARR

Software and Web Development Placement Student

Belfast, Northern Ireland | jamieparr205@gmail.com | Portfolio | GitHub | LinkedIn

PROFILE

BSc (Hons) Computing Technologies student at Ulster University, entering Year 2 in September 2026 and preparing for a 2027/28 placement. Around four years of programming through education and personal projects, with practical experience delivering tested web applications, serverless systems and a playable Godot game.

SELECTED TECHNICAL PROJECTS

Website Developer - Coast Internet Radio | Live stakeholder project

Worked with the station owner to replace an older site with a modern mobile experience and continue improving it from operational feedback. Built HTTPS stream and metadata relays, owner-managed content, signed admin sessions, first-party analytics and CI checks.

Developer - French for Life | Next.js / TypeScript / Supabase

Built a source-backed A1 learning platform with teach-before-test rules, deterministic answer checking, mistake-driven review and optional account persistence. Unit, curriculum and Playwright checks form the release gate. Public demo and reviewed source snapshot available.

Developer - The World Forgot Us | Godot 4 / GDScript

Built a four-area road-story campaign with persistent state, combat, upgrades, environmental puzzles and multiple endings. GitHub Actions imports the project, runs a complete campaign smoke test, exports the Web build and deploys the playable release.

TECHNICAL SKILLS

Languages and frameworks: TypeScript, JavaScript, HTML, CSS, React, Next.js, SQL, Python, GDScript. **Tools and platforms:** Git, GitHub Actions, Playwright, Node.js, Netlify, Vercel, Supabase, Cloudflare Workers, Godot 4.

EDUCATION

BSc (Hons) Computing Technologies - Ulster University, Belfast | 2025 - 2029 expected

Entering Year 2 in September 2026. Year 2 includes a dedicated employability module preparing students to secure and succeed in a Year 3 placement.

Level 3 Extended Diploma in Technology - Southern Regional College | 2022 - 2024 | D*DD

Additional certification: Information Technology Specialist in HTML and CSS, Certiport / Pearson VUE.

WORK EXPERIENCE

Warehouse Operative - Pet Connection, Newry | Oct 2021 - Present

Pack and prepare customer and fulfilment orders accurately, organise stock and follow safety and dispatch procedures while balancing long-term employment with study.

Kitchen Porter - The Garden Room, Warrenpoint | Aug 2024 - Present

Support kitchen and front-of-house teams during busy services, maintain hygiene standards and help with stock rotation and practical service tasks.

Floor Staff - No.7 Duke, Warrenpoint | Jun 2022 - Sep 2022

Supported customers, event preparation and stock replenishment in a public-facing environment.
